### About these Floor Plans:

The details and specifications of these floor plans are estimates and not necessarily to scale. They are to be used for real estate marketing purposes ONLY. © 2009 Nancy Stracka Interiors, Inc. All Rights Reserved. They are not to be copied or altered without permission. They are not to be used to calculate the square footage of the property for town records, or any other legal purpose.

### About Nancy Stracka Interiors:

Nancy Stracka Interiors, Inc., is an award winning residential Interior and Kitchen Design Firm. In 2008, Nancy Stracka was awarded a Best of Boston® Home Award by Boston Magazine. Boston Magazine cited her ability to “conjure up interiors that are consistently color-conscious, luxurious, and filled with rich textures”.

The firm’s design team includes staff interior designers, kitchen designers and project managers who focus on technical design, product sourcing and installations. The design team has the ability to create highly technical design plans, elevations and renderings of client projects using the latest software. This makes it easy for clients to visualize their interiors prior to execution and implementation.

Nancy Stracka Interiors, has long standing relationships with architects, contractors, sub-contractors, cabinet makers and artisans to help complete any type of interior design, kitchen or bathroom project. Home furnishings are sourced both locally and globally with a special emphasis on contemporary suppliers from California and Europe. Projects include both residential and commercial interiors.
